

MIDWEST COGENERATION ASSOCIATION

Bimonthly Membership Meeting March 14, 2006

Overview of the Great Lakes Cogen Facility

Join fellow MCA members and their guests as we learn about the new cogen facility installed at the Great Lakes Navel Training Center. This is one of the largest cogen facilities in the country. Special guest speaker will be *Jeff Puffer* of Ameresco Federal Services. Ameresco provided the design and build for this project (\$34 million dollar project). The project is a dual fuel installation.

This meeting will be a prelude to the May 17, 2006 site tour of the cogen facility.

Great Lakes is one of the largest Naval training centers in the world. The May 17, 2006 site tour will include an afternoon tour of the training center and dinner followed by a tour of the cogen facility.
